Our editors uncover what's hot in wedding style, right in your hometown.

YOU'RE THE TOP

The Idea: Add pizzazz with a topper that's as dramatic as your cake. Wedding coordinator Rebecca Calagna found a plain silver monogram "B" for her clients' wedding, then used a hot-glue gun and some colored rhinestones to glam it up.

Why We Love It: A plain topper would get lost on an ornate cake, plus this bejeweled monogram will look fabulous in a shadowbox in your home.
